Systems and Procedures for Maintaining and Utilizing Physical, Academic and Support Facilities

For facility upkeep and use, the College has tie up with its sister concern, St. Paul's Co-ed School. Essential facilities are regularly maintained and periodically replenished under the direction of the College Advisory and Development Committee and Supervisor (appointed by St. Paul's Co-ed School). These committees are presided over by the Manager, Principal and Director.

To guarantee adequate upkeep and utilization of physical, academic, and support facilities—laboratories, libraries, sports facilities, classrooms, seminar halls, computers, etc.—college has implemented strict protocols and processes along with personnel monitoring. Separate personnel have been hired to keep the entire campus, including the offices, labs, library, clean and sanitary. The College regularly maintains its computer systems, LAN and similar technical equipments, regularly with the help of technical assistant.

- For both new and existing facilities, repairs, and upkeep, budget allocations are created.
- The College Governing body and School management both participate in broad planning for the infrastructural development and maintenance.
- Suggestions from stakeholders are also taken into account.
- The teachers in charge of the various laboratories assess the need for maintenance and repairs.
- Physical, academic, and support facilities as well as other equipment are regularly maintained.
- The Smart Classrooms receive routine maintenance.
- The teaching staff is the professor in charge of the Library Advisory Committee, while the librarian and Student representative are also part of the committee.
- The library has internet connection, which students may use to access online materials and other web-based information. Additionally, photostat services are available in the library as well college office for a small fee.
