

Waste Management Policy

Preamble

Proper Environment management is essential for sustainable development of all living organisms including humankind. The institution realizes that protection of environment is the part of social responsibility of the student teachers who are going to become torchbearers of the society. College takes various measures to protect environment include awareness policies, waste management plastic free campus initiatives and rainwater harvesting.

Statement

Christ College Bhopal, has a clear waste management policy for disposing off dry, wet, e-waste and waste water management.

Objectives

- Segregating solid waste on daily basis
- Reusing and recycling the solid waste wherever possible
- Taking efforts to make the campus Plastic free
- Creating environmental consciousness through observation of various days

Action Plan

Christ College, Bhopal is committed to take appropriate measures to reduce solid waste and reuse them wherever possible in the following ways:

1. Segregation of waste will be done on daily basis. Almost all solid waste generated is segregated.
2. There are separate-coloured bins for dry (blue) and wet (green) waste.
3. The dry saleable materials like paper, files, plastic, old furniture and other waste will be regularly sold to recycling agents thus generating some income for outreach activities. The waste thus collected from the campus will be collected by the garbage collectors and recycled as per the policy of Nagar Nigam, Bhopal.
4. The wet waste such as kitchen and garden waste will be disposed of into the dustbins earmarked for the purpose.
5. E-waste bin has been placed in the corridor to collect E-Waste.
6. Instead of taking CD'S from students, data is taken in Pen drives or through email and students upload the pdf of the assignments in Googleclassroom.
7. Consciousness is created among staff and students about the ways in which waste is generated and the means by which they can reduce waste generation and manage the waste they produce by following the five "R" principle of Reduce, Reuse, Recycle, Refuse and Regenerate.
8. Collaborated with scrap dealers to recycle waste paper collected from campus.
9. Creating environmental consciousness through observation of various days of importance such as world environment day, plastic free day, world water day, energy conservation day, wildlife week etc.
10. The college takes care of the safe disposal of e-waste such as hard disk, mobiles, printers, UPS, laptops, CPU, mouse, scanner, cables, old computers, electrical switches, LCD Monitor, photo copier, fax Machines, pumps and other miscellaneous items.
